

What's New In MPG's Navigator V18-8 Family of Products?

Customized Management Reporting (CMR)

Create Personalized
Comprehensive
Management
Performance Reporting

Performance Reporting is not always easy with customers. The CIO likes high level enterprise reporting... while other customers need more detail.

It's frustrating...

With MPG's Customized Management Reporting (CMR), every customer's performance analysis request will be satisfied.

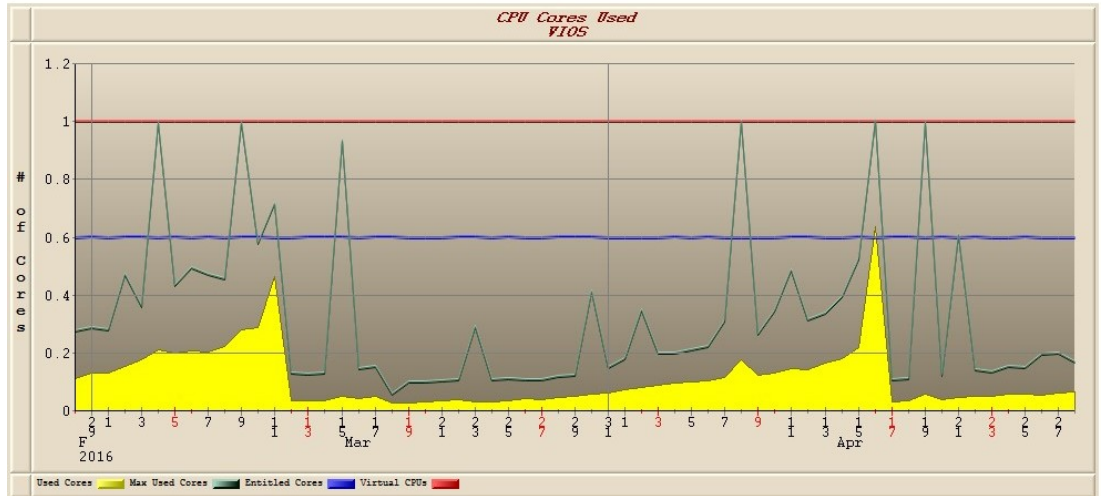

Whether it's a Unix Performance analysis request, or an external IBMi customer simply needing to ensure performance service levels are being met, MPG's Customized Management Reporting (CMR) provides the information quickly and accurately.
